

Additional Roles

There are a few areas at Long Furlong (listed below) where we would like to grow our ministry. If you would want to explore taking this role or part of this role, please seek Ron or someone on the strategy group (Andrew Turner, Anne Taylor, Sarah Fry, Gavin Barber)

Organising Social Events

- These are for church, and to invite those on the fringe of things
- There are plenty who are happy to help in organising these events, but we haven't found anyone to take the lead in deciding what to do, when to do it, and managing the team to make the events happen.

Taking the church further in Mission

- This could take several forms, but we need to have someone with a passion for people who don't know Jesus, to create ways to bring his good news and his love into their lives.
- We do have outlets for mission through Alpha, Children's and other activities. A person looking at this role could work within these existing opportunities or do something different.

Pastoral Ministry

- An informal network currently functions for pastoral care that Ron (the Vicar) uses when people need visiting or support. We also use the excellent pastoral provision which Ros Steel coordinates at Northcourt Rd. when pastoral needs are more significant.
- It would be good to develop this ministry further, or to simply bring a few more people, who possess pastoral hearts, into this particular ministry area.
